**DETAILED ACTION*****Drawings***

The proposed drawing correction filed on Oct. 20, 2003 (figure 1) has not been approved since the changes have not been approved since the changes have not been shown in red and the numerals 2 and 8 should be separated in order to make it clear that they are not forming the numeral 28. The proposed drawing correction filed on June 23, 2003 (figure 3) has not been approved since the lead line for numeral "9a" is not directed to the cross edge as indicated on page 7, line 25.

***Claim Rejections - 35 USC § 112***

Claims 26-48 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 45, line 2, it is not clear whether the "combined display element" is the same as the "display element" defined on line 1. In claim 45, lines 5 and 27, "the display element" is indefinite since it is not clear whether the applicant is referring to the "display element defined on line 1 or the display element defined on line 2. A suggested correction to the above problems would be to cancel the phrase ", comprising a combined display element" in lines 1-2 of claim 45. In claim 45, line 6 is confusing since it is not clear whether the applicant is referring to the ground support device on the base or on the lower hooking device. A suggested correction is to cancel line 6 in claim 45 and to replace the ";" in line 7 with the following ", the base including a ground supporting device;" and to cancel the ";" in line 7. In claim 45, line 10 is confusing since these lines suggest that the fixing device is a separate element from the base. A suggested

Art Unit: 3611

correction is as follows "a fixing device on the base". In claim 48, line 5 is confusing since it is not clear whether the applicant is referring to the ground support device on the base or on the lower hooking device. A suggested correction is to cancel line 5 in claim 48 and to replace the "," in line 6 with the following " , the base including a ground supporting device;" and to cancel the " ," in line 6.

***Response to Arguments***

Applicant's arguments filed Oct. 20, 2003 have been fully considered.

***Allowable Subject Matter***

Claims 45 and 48 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claims 26-44,46, and 47 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 3611
